

About The Service

As the industry leader in Chapter 13 Bankruptcy payments, TFS has a unique understanding of the hurdles that exist in making timely plan payments. We talk with thousands of debtors who need to make a payment immediately and from a familiar location. They share their struggles and cost of buying money orders and express mailing them to a distant PO Box.

TFS has teamed up with MoneyGram to open up convenient payment locations near you. For the flat fee of \$8.99, you can avoid the far more expensive alternatives. And, through our proprietary software have your payment immediately verified by your Chapter 13 trustee.
